

Firefighters

Supplies you'll need

crayons

scissors

glue

cardboard box

pencil

Did you know?

A firefighter's gear is about as heavy as a two-year-old child.

Where did the firefighter put his noisy dog?

In the barking lot!

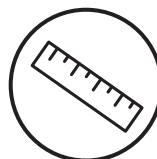

Activities included in this set

Practice sorting items based on temperature.

Match up the labels with the firefighter gear.

Measure the hoses.

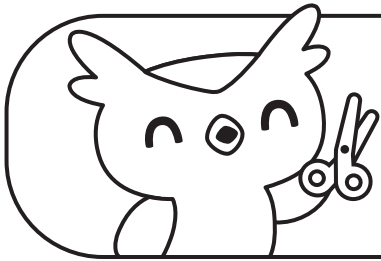

Make a cardboard fire truck.

Practice writing a letter to a firefighter.

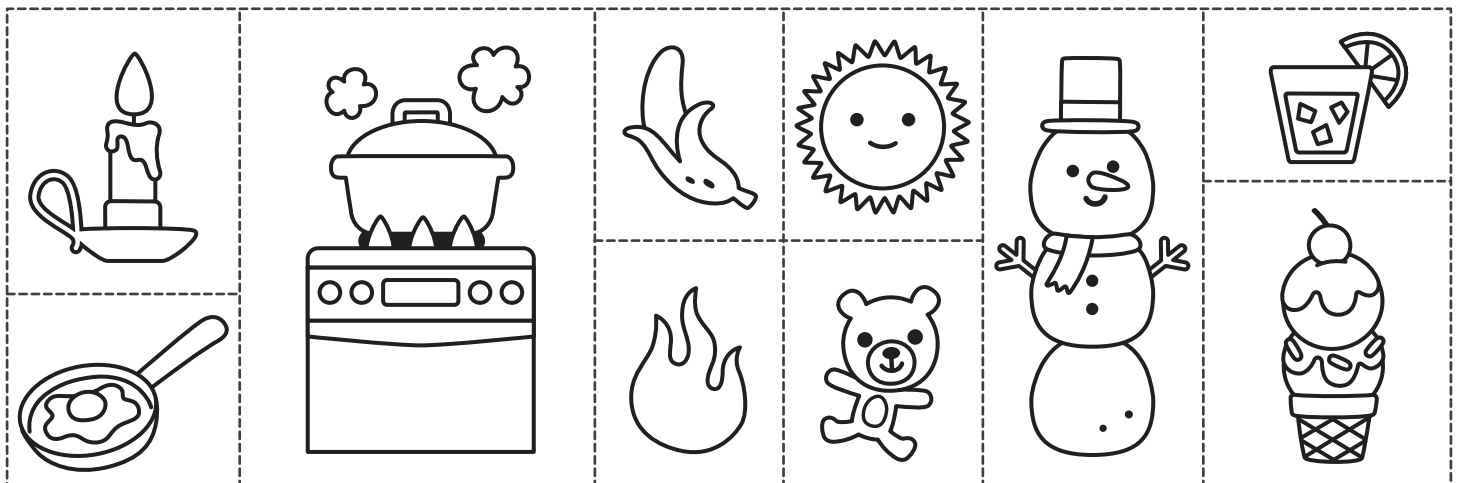

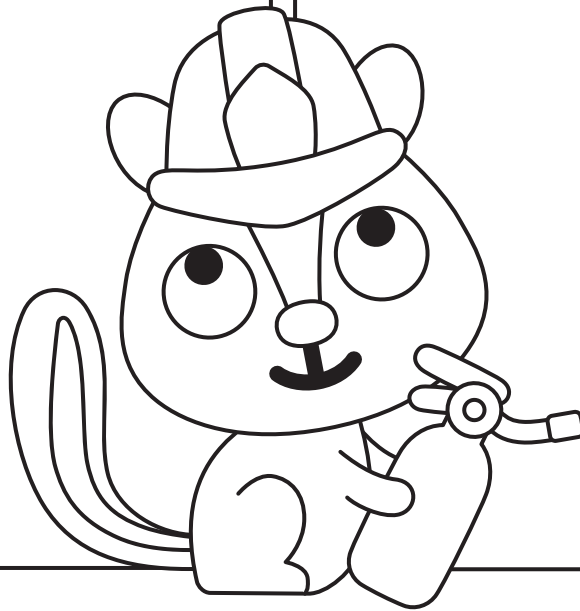

Instructions:

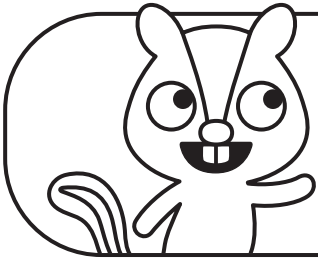

Cut out the items at the bottom of the page.
Then paste them under "Hot" or "Not hot"
where they belong.

SAGO
mini

Hot

NOT hot

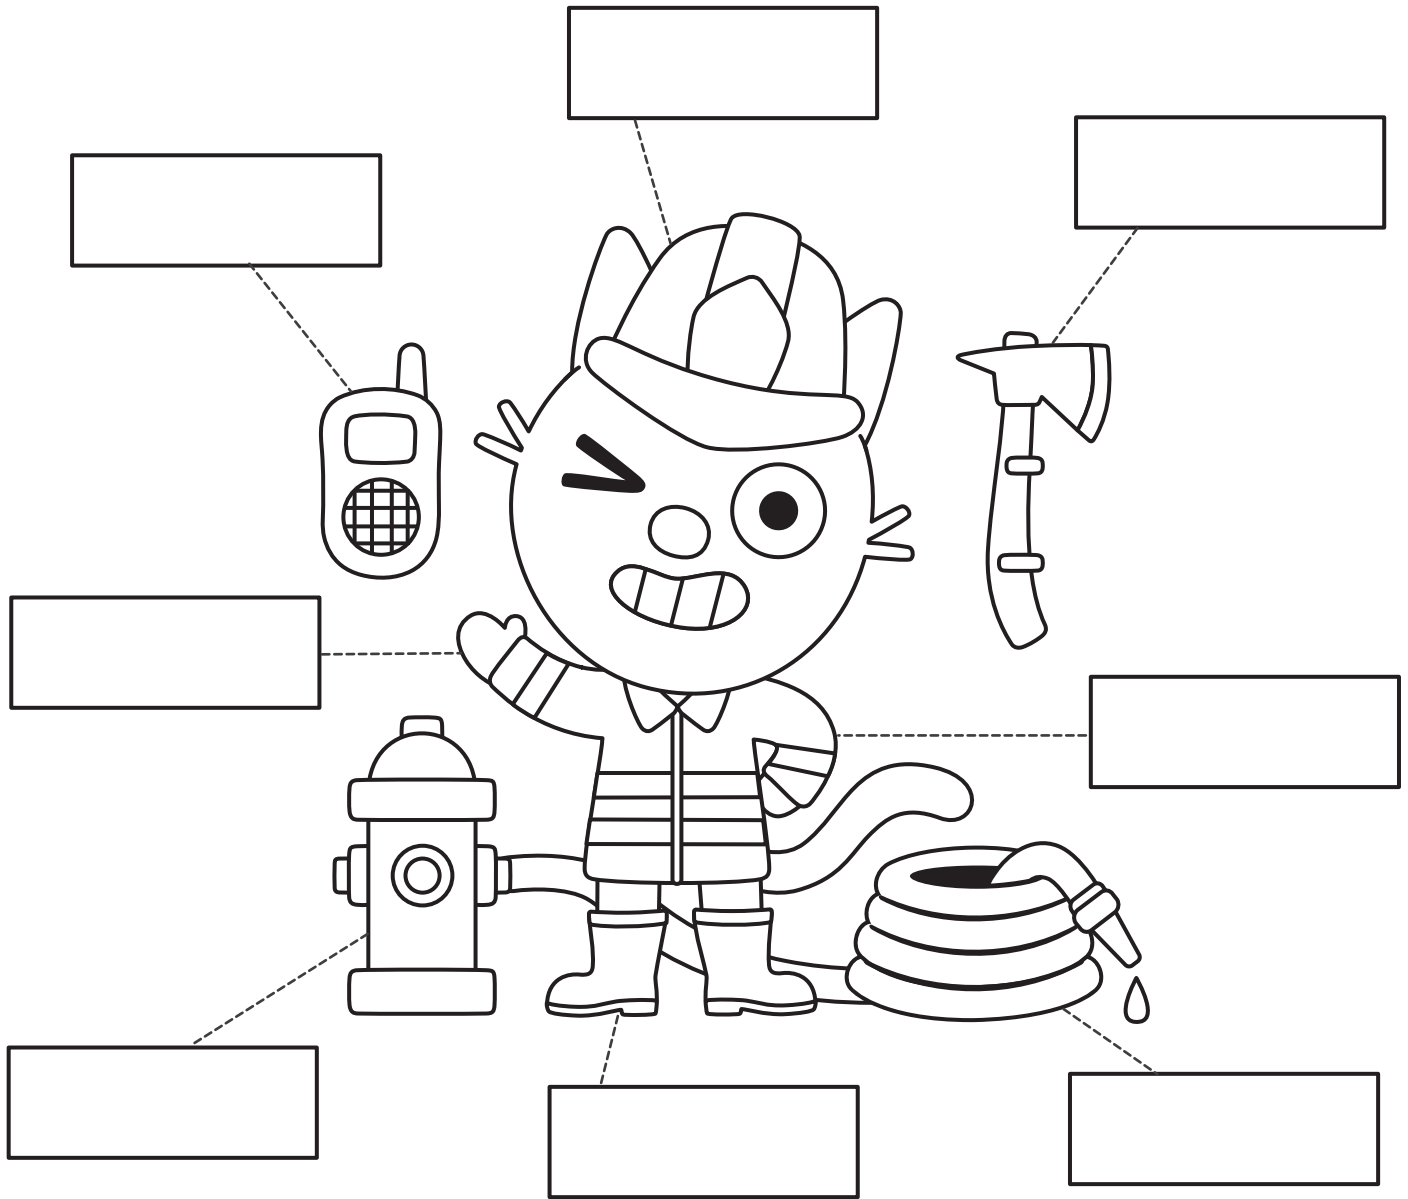

Instructions:

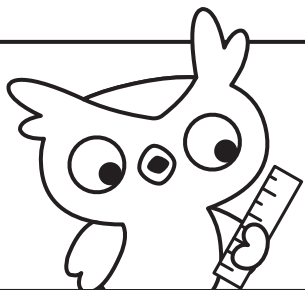

Color the firefighter. Then cut and paste the words from the next page (or write them in) to label the picture.

SAGO
mini

jacket	hose	hydrant	boots
axe	glove	helmet	radio

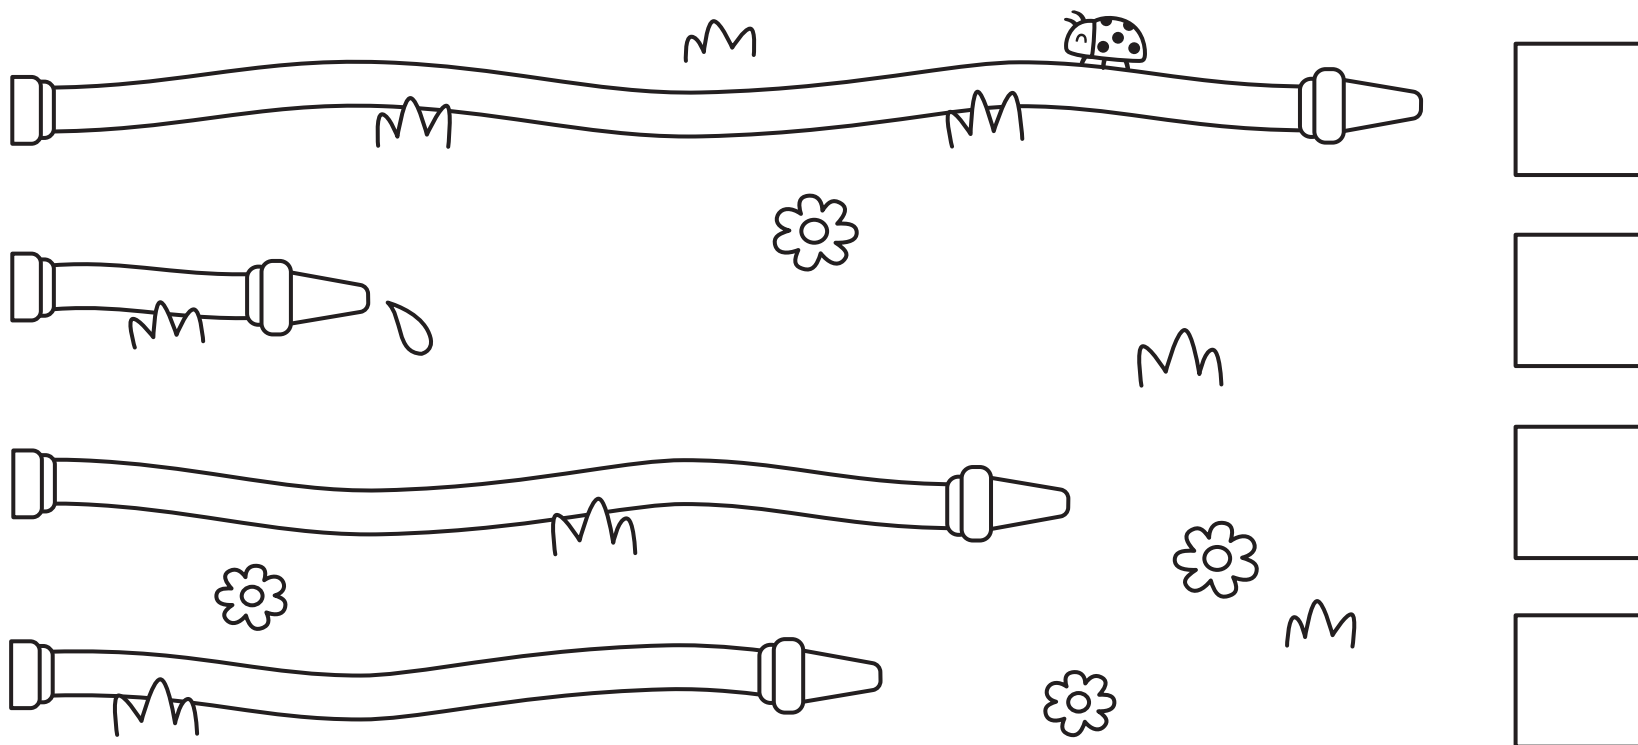

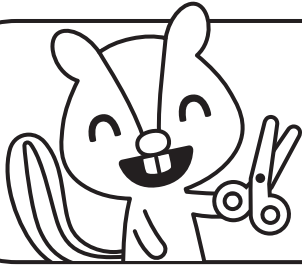

Instructions:

Cut out the ruler. Then measure the length of each hose and write the number in the box.

SAGO
mini

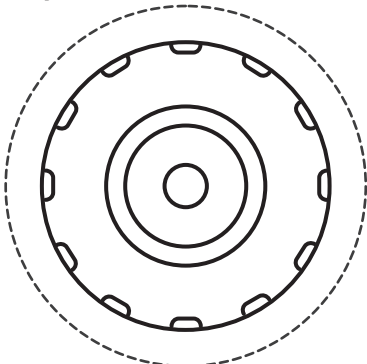

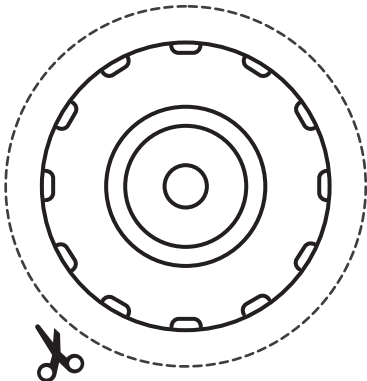

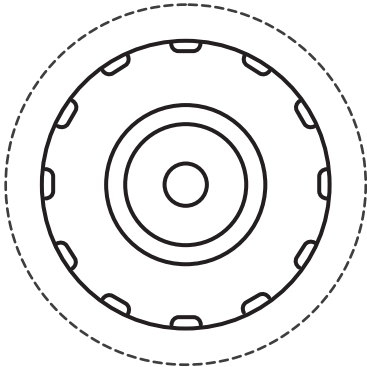

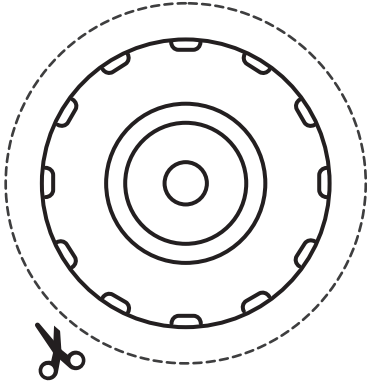

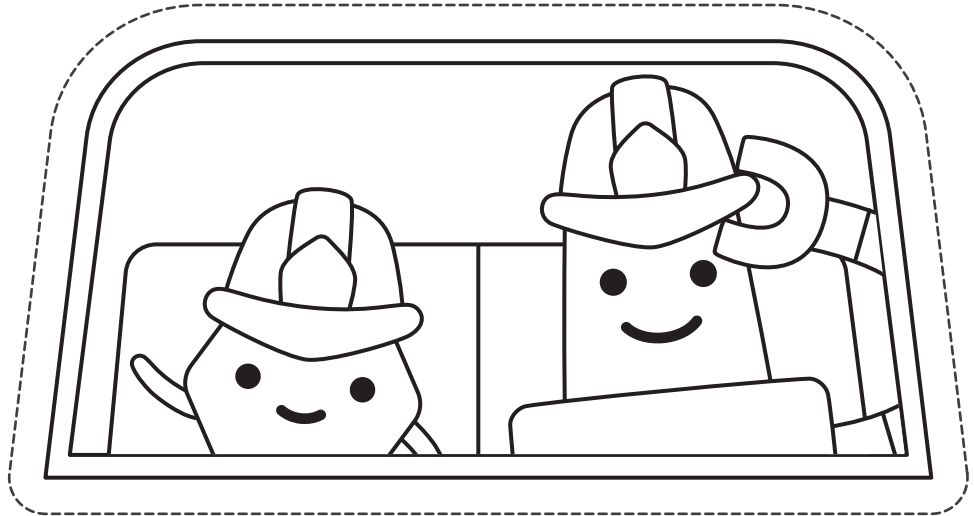

Instructions:

Color and cut out the pieces. Then glue them to a tissue box, shoe box, or similar to make a fire truck.

SAGO mini

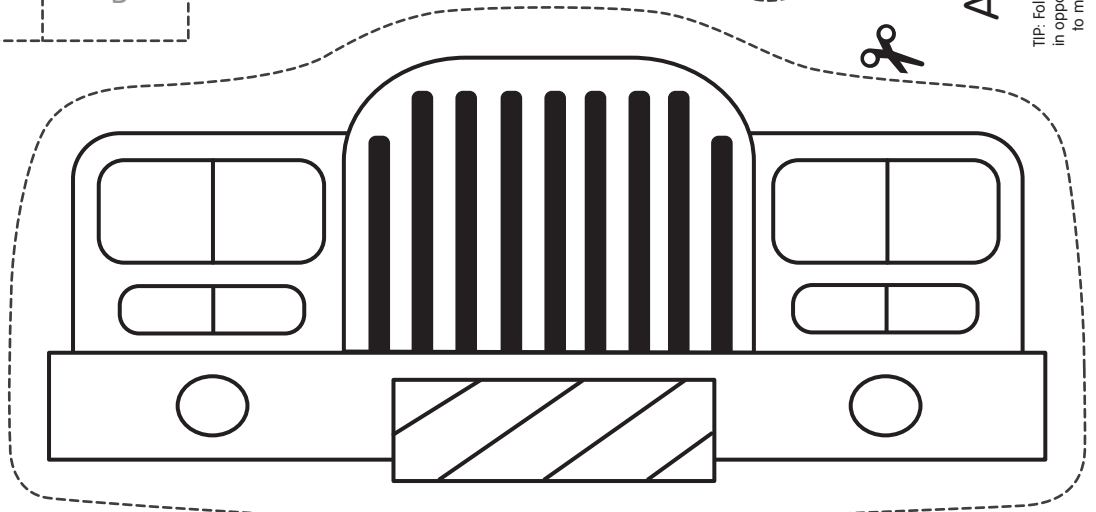

hydrant

TIP: Fold tabs A and B in opposite directions to make it stand!

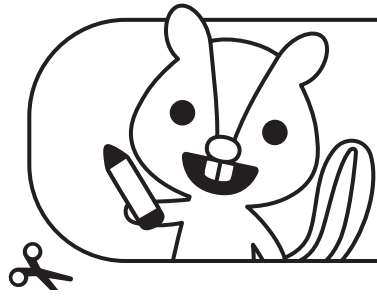

Acorn

TIP: Fold tabs A and B in opposite directions to make it stand!

front lights and grill

Instructions:

Draw a firefighter in the box and trace the words to write a thank you letter. You can deliver it to a local firefighter.

A large, empty rectangular box with rounded corners, intended for a child to draw a firefighter inside.

Dear firefighter,
Thank you for
keeping us safe!
