

# First Aid Kit

## Supplies you'll need

crayons scissors glue

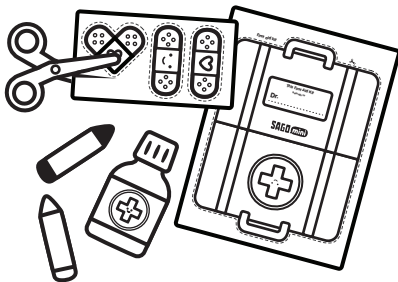

tape cardboard

**What did the doctor give to the bird to make it feel better?**

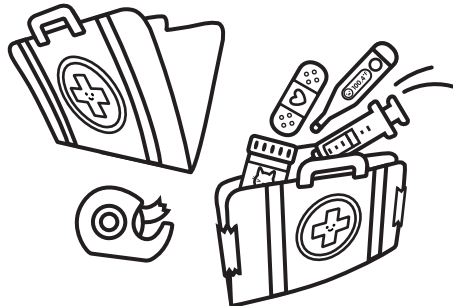

A special tweet-ment!

## Instructions

### 1. Color & cut

Print out and color-in the sheets. Cut out all the pieces along the dotted line. **Tip:** Glue the tools onto cardboard before cutting.

### 2. Assemble first aid kit

Fold first aid kit in half. Tape up the sides to create a pocket to store bandages and tools.

### 3. Play time!

Now it's time to see which toys and stuffed animals require medical attention! **Tip:** Use tape to secure bandages and cast.
