

Cooking Playset

Supplies you'll need

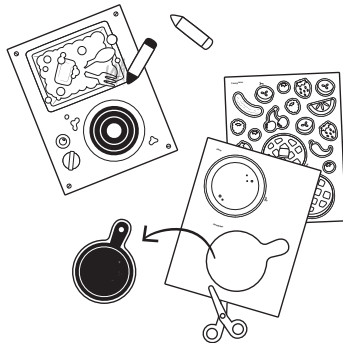

crayons scissors

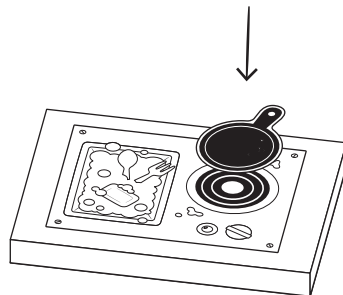

How do you make a milkshake?

Give it a good scare!

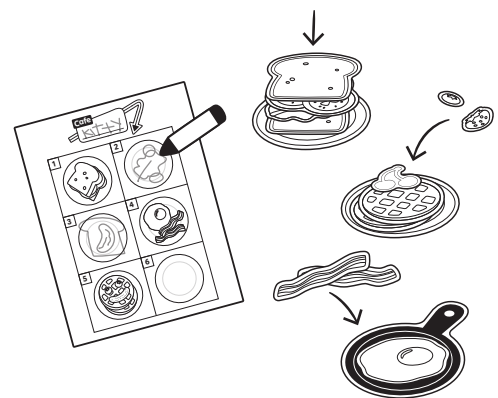

Instructions

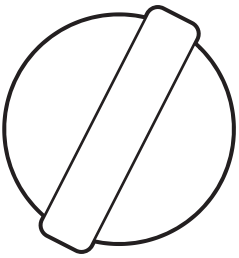

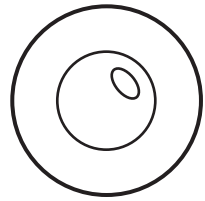

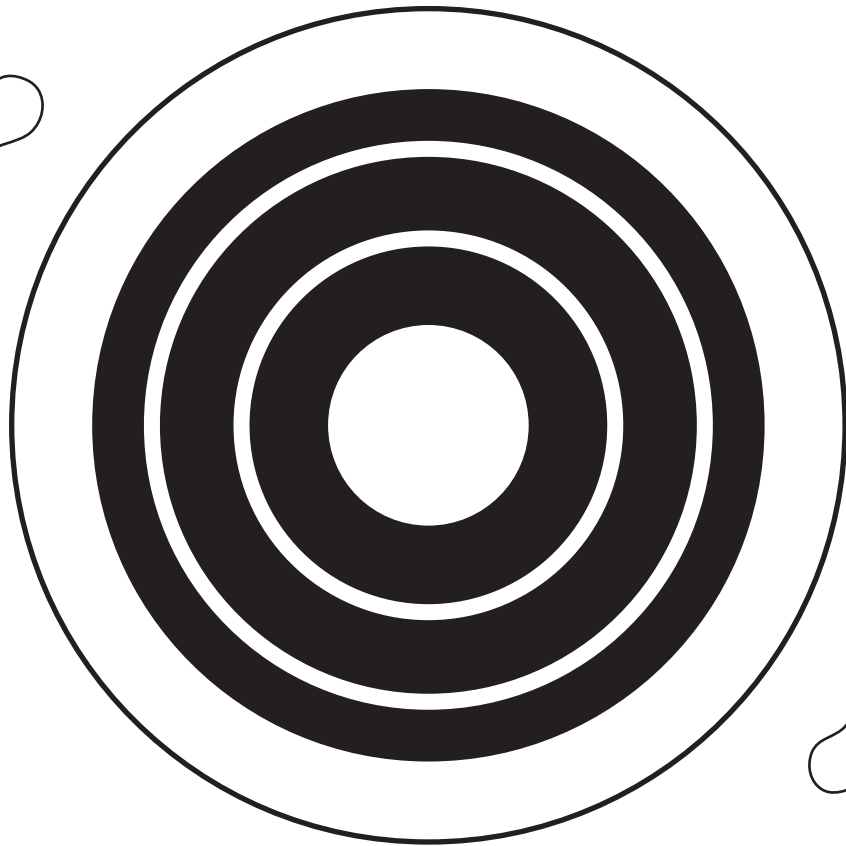

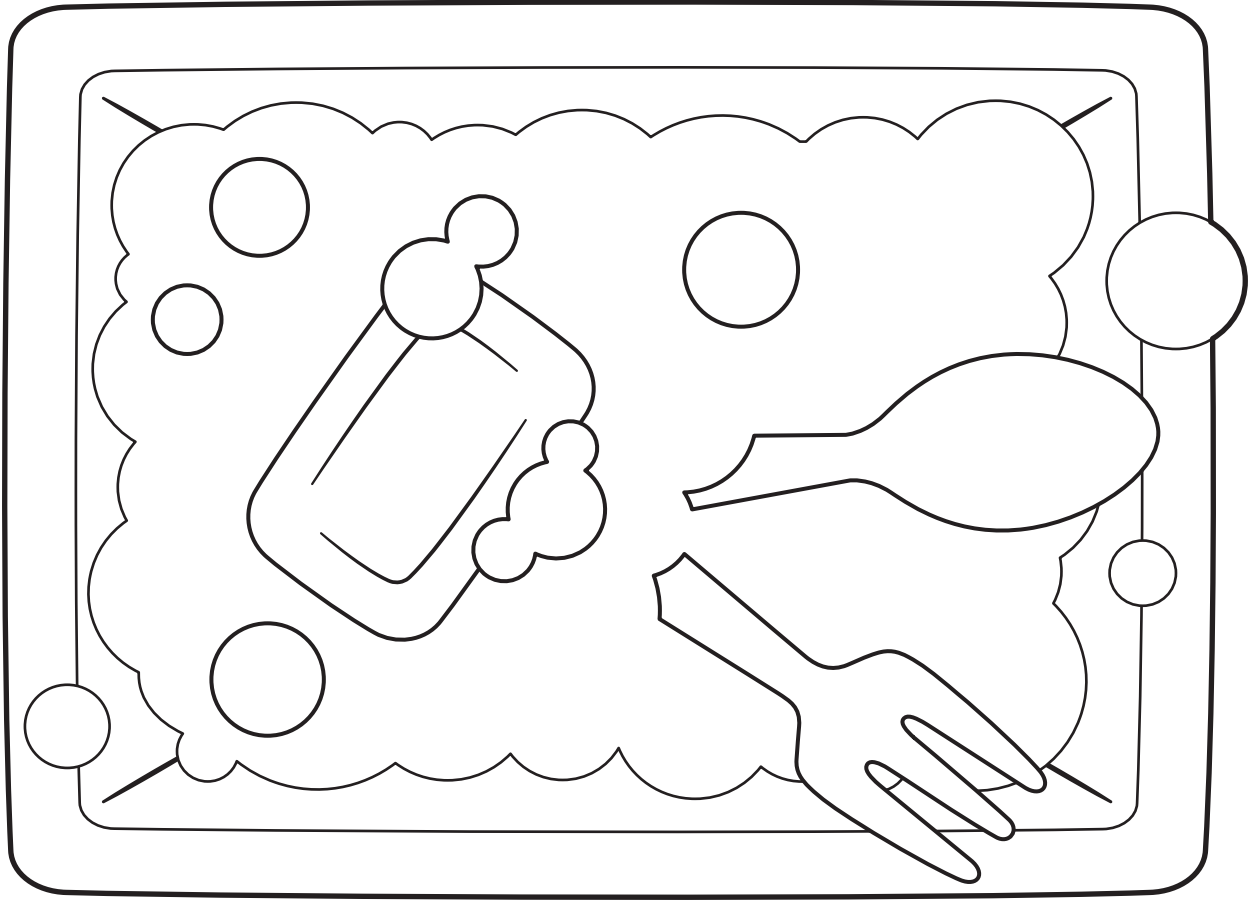

1. Print, colour, and cut out
Print out the activity and colour. Cut out the pieces along the dotted lines. Tip: Glue the frying pan on cardboard before cutting to make it sturdier.

2. Setup
Set up the stove and sink on a flat surface. Put the frying pan on the stove and start cooking! To extend the play, add kid-safe items from your kitchen to set up your cafe.

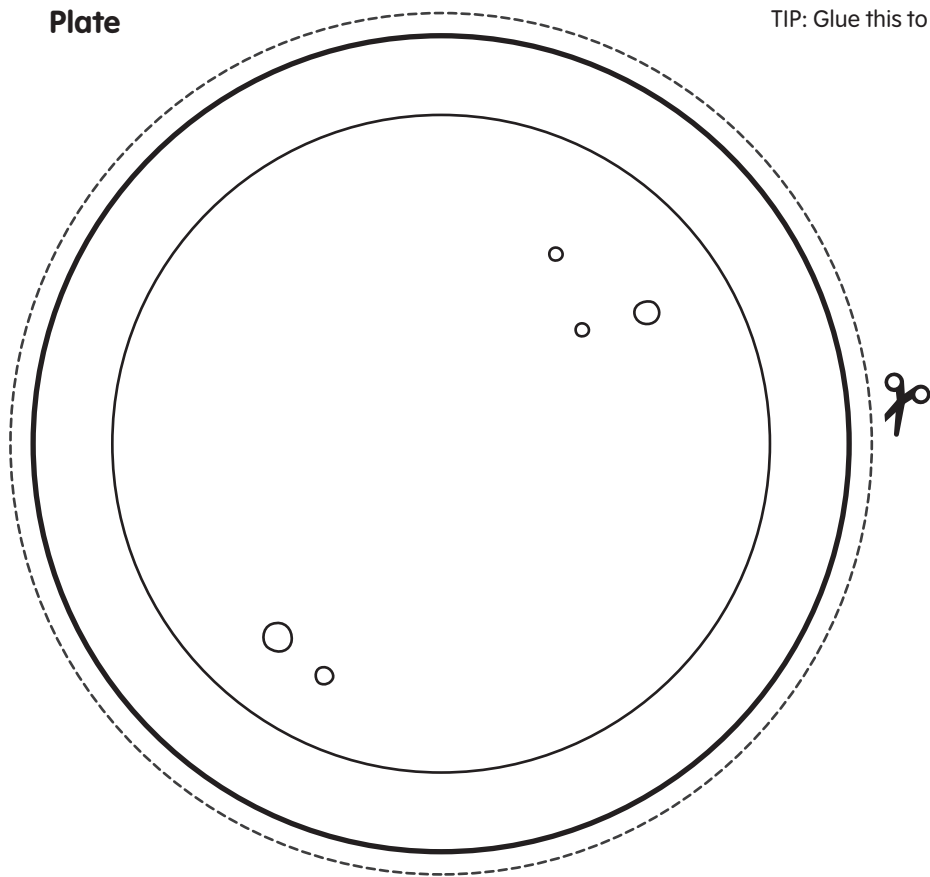

3. Cooking + Menu creation
Fry some eggs and bacon, make a sandwich, pile up some waffles, or make up your own recipe. Put your finished dish on the plate then add it to your menu by drawing in the empty spots. Don't forget to name your cafe!

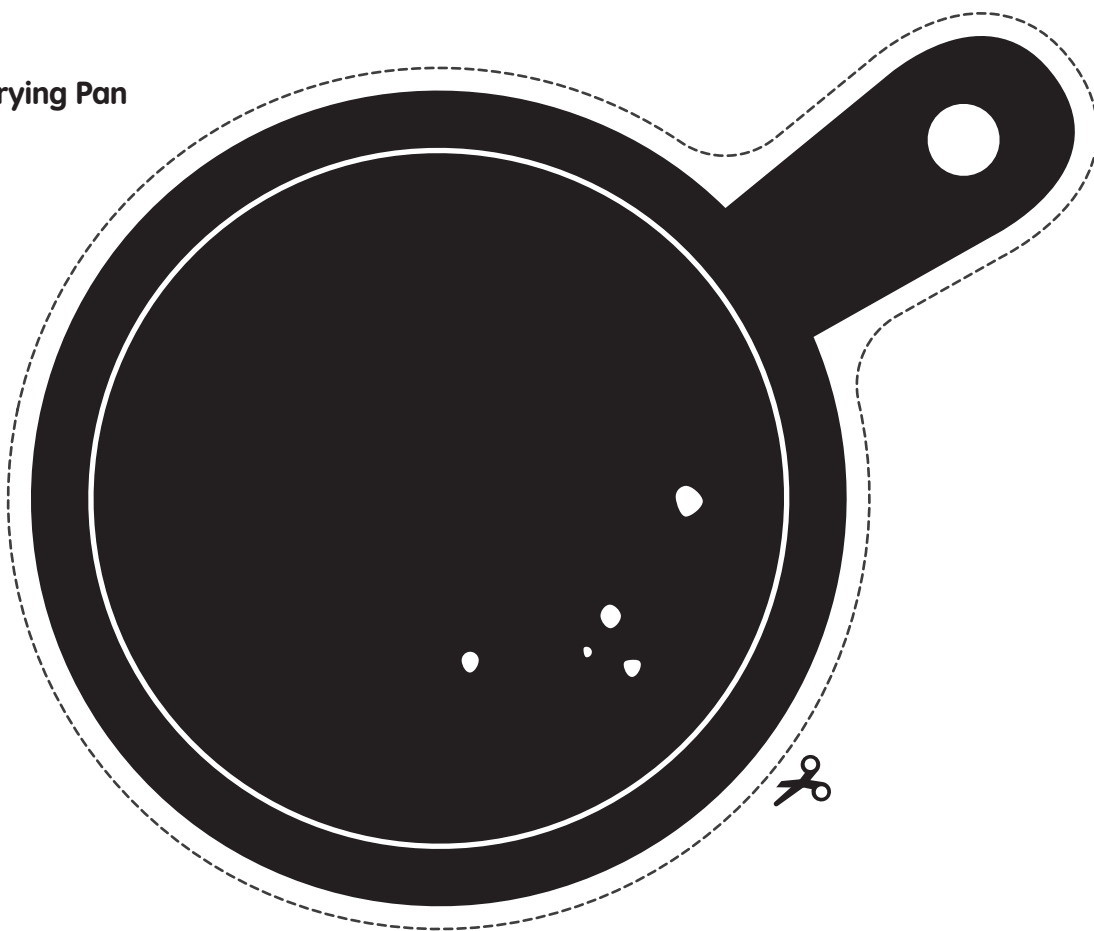

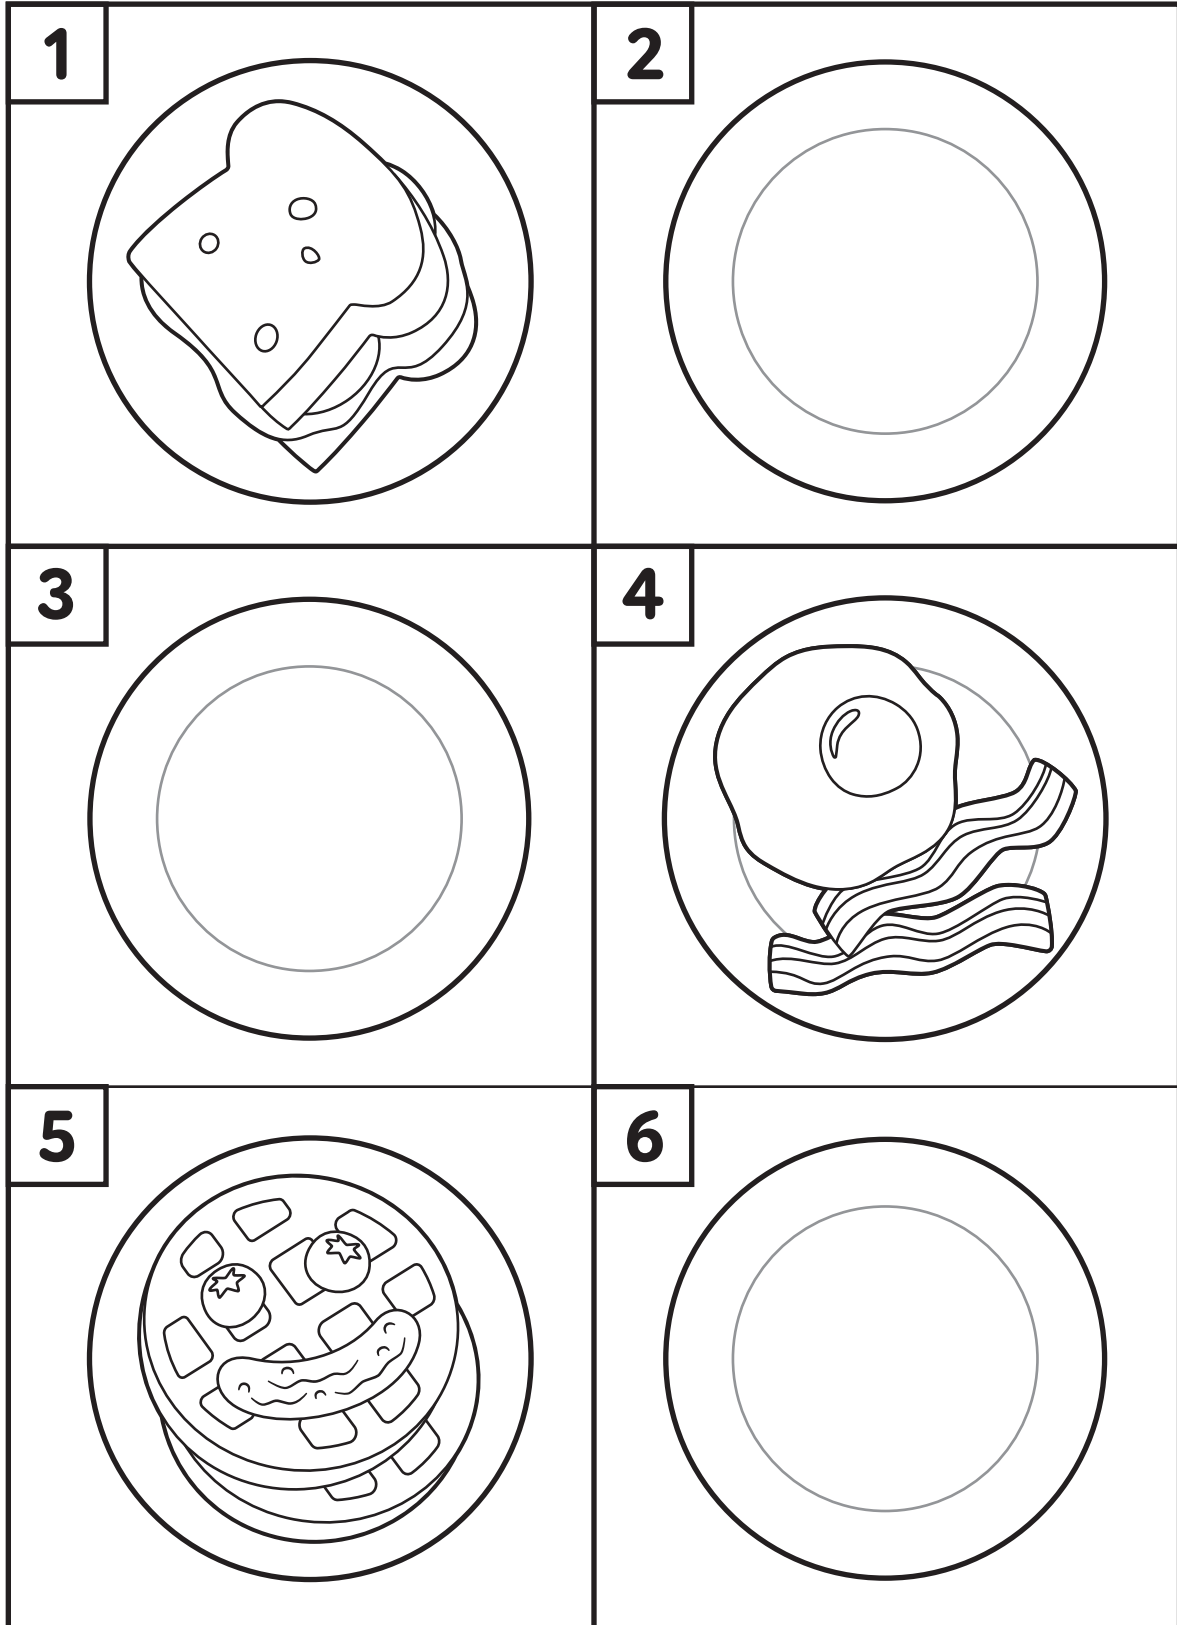

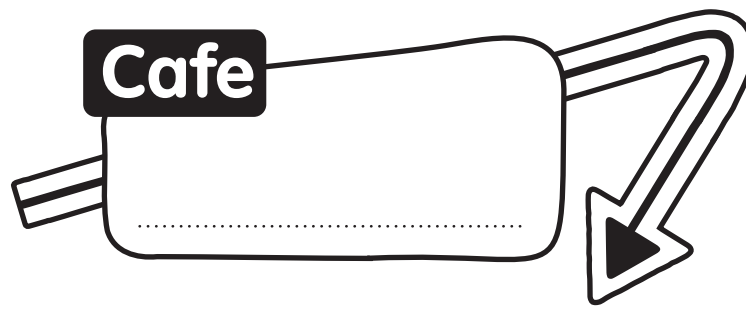

Plate

TIP: Glue this to cardboard before cutting to make it sturdier!
