

Plane and Destinations

Instructions

Contents:

plane

wings

tails

destinations

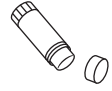

You'll need

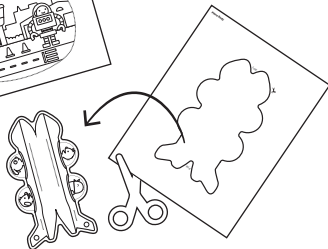

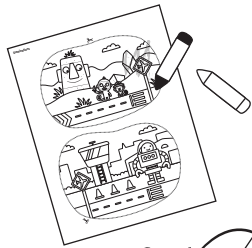

crayons

scissors

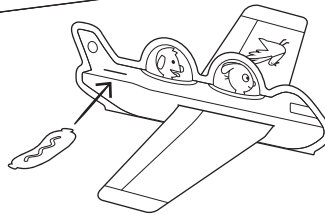

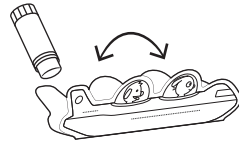

glue

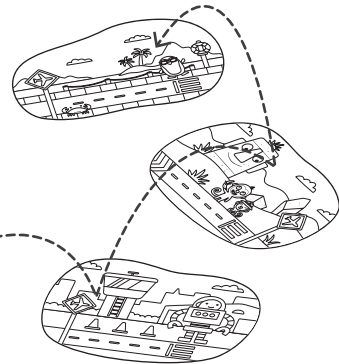

1. Print, colour, and cut out

Print out the activity and colour. Cut out the plane pieces and destinations along the dotted line.

2. Assemble the plane

Fold the plane pieces in half and glue the two sides together. Carefully cut slits into the plane body and insert the wing and tail. Try mixing and matching the different wing and tail pieces!

3. Fly

Scatter the destination pieces around your home. Fly and land on them to visit different places!

Educational play benefits

Play for play's sake is the best way to develop, learn and grow.

Large motor play
